

SAFETY DOORS

FACTSHEET

HOME SAFETY SOLUTION

Safety Doors improve the safety level of your home, while also keeping those pesky insects outside where they belong.

Safety Doors are available in hinged or sliding options making them suitable for almost any doorway. For extra peace of mind, Safety Doors can be fitted with a triple lock system.

TECHNICAL INFORMATION

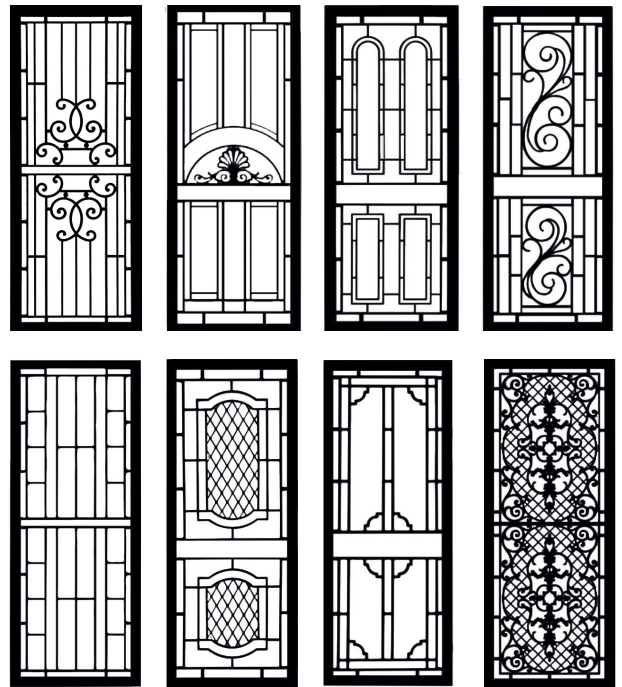

STYLES

Safety Doors come in many different styles, the most typical style is the Diamond Grille. For added character, choose from our Aluminium Castings, which are available in a range of different patterns, designs and colours. A selection of these designs are shown below.

MESH

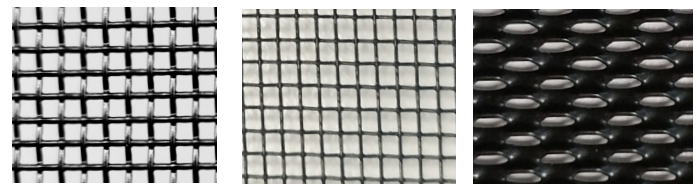

You can choose from a range of different meshes:

- Stainless steel 0.6mm: 304 grade, 0.6mm woven stainless steel mesh that meets BAL-40 of the Australian Bushfire Standard.*
- Fire Mesh (Stainless Steel Mesh): using non-corrosive 316 grade mesh, this fire mesh has an aperture of less than 2mm and great for bushfire prone areas.
- DVA: available in a wide range of powder coated colours. Creating a sense of privacy when it's lighter outside than it is inside.
- Paw proof mesh: a heavy duty fibreglass mesh capable of withstanding abrasions from most pets.
- Fibreglass: standard mesh

FRAME COLOUR

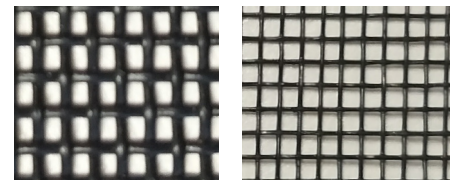

Numerous frame colours are available, ensuring you find a colour that suits your home.
